|------------------------------------------|-----|
| KATA PENGANTAR                           | v   |
| DAFTAR ISI                               | vii |
| DAFTAR GAMBAR                            | xi  |
| <b>BAB 1 JARINGAN NIRKABEL</b>           | 1   |
| 1.1 Pengertian Jaringan Nirkabel         | 1   |
| 1.2 <i>Wireless Standart</i>             | 4   |
| <b>BAB 2 STANDAR IEEE 802</b>            | 7   |
| 2.1 IEEE 802.11                          | 7   |
| 2.2 <i>TX Power &amp; RX Sensitivity</i> | 13  |
| 2.3 <i>Wireless Modulation</i>           | 14  |
| 2.4 <i>Amplitude Modulation</i>          | 14  |
| 2.5 <i>Frequency Modulation</i>          | 15  |
| 2.6 <i>QAM Modulation</i>                | 15  |
| 2.7 <i>Date Rate</i>                     | 16  |
| 2.8 <i>SNR – Signal to Noise Ratio</i>   | 17  |
| 2.9 <i>Frames Vs HW-Frames</i>           | 18  |
| <b>BAB 3 BLUETOOTH</b>                   | 19  |
| 3.1 Pengertian Bluetooth                 | 19  |
| 3.2 Latar Belakang Bluetooth             | 20  |
| 3.3 Aplikasi dan Layanan                 | 21  |
| 3.4 Versi Bluetooth                      | 21  |

|               |                                                        |    |
|---------------|--------------------------------------------------------|----|
| <b>BAB 4</b>  | <b>TRANSMISI SIGNAL WIRELESS</b>                       | 25 |
|               | 4.1 Pengertian Transmisi Jaringan <i>Wireless</i>      | 25 |
|               | 4.2 Perilaku Gelombang Radio                           | 28 |
| <b>BAB 5</b>  | <b>PARAMETER ANTENA</b>                                | 33 |
| <b>BAB 6</b>  | <b>ANTENA</b>                                          | 39 |
| <b>BAB 7</b>  | <b>WIMAX</b>                                           | 43 |
|               | 7.1 Pengenalan Wimax                                   | 43 |
|               | 7.2 Frekuensi dan Alokasi Spektrum Wimax               | 46 |
|               | 7.3 Cara Kerja Wimax                                   | 48 |
| <b>BAB 8</b>  | <b>JARINGAN VSAT</b>                                   | 51 |
|               | 8.1 Pengertian VSAT                                    | 51 |
|               | 8.2 Sejarah VSAT                                       | 51 |
|               | 8.3 Prinsip Kerja VSAT                                 | 54 |
| <b>BAB 9</b>  | <b>SATELIT</b>                                         | 57 |
|               | 9.1 Pengenalan Satelit                                 | 57 |
|               | 9.2 Jenis-jenis Orbit Satelit                          | 59 |
|               | 9.3 Cara Kerja Satelit                                 | 63 |
| <b>BAB 10</b> | <b>MOBILE IP DAN WAP</b>                               | 65 |
|               | 10.1 Definisi                                          | 65 |
|               | 10.2 WAP                                               | 68 |
| <b>BAB 11</b> | <b>ARSITEKTUR JARINGAN GSM</b>                         | 71 |
|               | 11.1 Pengertian GSM                                    | 71 |
|               | 11.2 OMS ( <i>Operation &amp; Maintenance System</i> ) | 75 |
| <b>BAB 12</b> | <b>TEKNOLOGI SELULER</b>                               | 77 |
|               | 12.1 Pengertian Teknologi Seluler                      | 77 |
|               | 12.2 Teknologi 1G                                      | 78 |
|               | 12.3 Teknologi 2G                                      | 79 |
|               | 12.4 Telekomunikasi Seluler                            | 79 |
|               | 12.5 <i>Wireless Seluler</i>                           | 80 |

|      |                                                     |    |
|------|-----------------------------------------------------|----|
| 12.6 | Teknologi 2.5G                                      | 80 |
| 12.7 | Teknologi 3G ( <i>Third-Generation Technology</i> ) | 82 |
| 12.8 | Teknologi 4G                                        | 82 |
