A Guide to Dissection of the **Human Body**

Second edition

 **World Scientific**

SINGAPORE UNIVERSITY PRESS
NATIONAL UNIVERSITY OF SINGAPORE

CONTENTS

Preface to the second edition	vii
Preface to the first edition	ix
Acknowledgement	xiii
Introduction	1
Terminology	15
Section 1: UPPER LIMB	17
Introduction	19
1. Pectoral region and axilla	21
2. Front of arm and cubital region	31
3. Superficial dissection of back of trunk, scapular region and back of arm	37
4. Joints of the shoulder region	44
5. Front of forearm and hand	56
6. Joints of free upper limb	67
Section 2: LOWER LIMB	79
Introduction	81
7. Anterior and medial aspects of the thigh	83
8. Gluteal region and posterior aspect of the thigh	93
9. Hip joint, popliteal fossa and back of the leg	100
10. Anterior and lateral aspects of the leg and dorsum of the foot and the knee joint	111

11. Sole of foot	
12. Tibiofibular joints, ankle joint and joints of the foot	121
	129

Section 3: THORAX

Introduction	139
13. Thoracic walls and lungs	141
14. Superior and middle mediastinum	143
15. Superior and posterior mediastinum and joints of thorax	152
	163

Section 4: ABDOMEN

Introduction	175
16. Anterior abdominal wall and external genitalia	177
17. Abdominal cavity, stomach and intestines	179
18. Liver, pancreas, duodenum and spleen	194
19. Kidney, suprarenal and posterior abdominal wall	210
20. Pelvic viscera	218
21. Blood vessels, nerves and muscles of the pelvis	227
22. Perineum	244
	251

Section 5: HEAD AND NECK

Introduction	271
23. Posterior triangle of the neck	273
24. Anterior triangle of the neck	275
25. Face and scalp	283
26. Cranial cavity	293
27. Orbit and lacrimal apparatus	304
28. The eyeball	317
29. Parotid and infratemporal regions and temporomandibular joint	325
	332
30. Submandibular region and deep dissection of the neck	344
31. Deep structures of the back of the neck and the trunk	358
32. Nasal cavity	374
33. Oral cavity	380

34. Soft palate and pharynx	384
35. The larynx	389
36. The ear	395
APPENDICES	407
Appendix 1 The skull and its subdivisions	409
Appendix 2 Foramina and fissures of the skull and their principal contents	411
Appendix 3 Prefixes commonly used in anatomy	415
