
6th edition

Adult Development and Aging

John C. Cavanaugh
Fredda Blanchard-Fields

International Edition

Contents

Chapter 1

Studying Adult Development and Aging 1

1.1 Perspectives on Adult Development and Aging 3

The Life-Span Perspective 3

■ ■ Discovering Development: Myths and Stereotypes about Aging 4

The Demographics of Aging 5

■ ■ Global Aging Quiz 11

1.2 Issues in Studying Adult Development and Aging 13

The Forces of Development 13

Interrelations among the Forces: Developmental Influences 14

Culture and Ethnicity 15

The Meaning of Age 16

Core Issues in Development 17

■ ■ Current Controversies: Does Personality in Young Adulthood Determine Personality in Old Age? 18

1.3 Research Methods 20

Measurement in Adult Development and Aging Research 20

General Designs for Research 22

Designs for Studying Development 23

Integrating Findings from Different Studies 27

■ ■ How Do We Know?: Conflicts between Cross-Sectional and Longitudinal Data 28

Conducting Research Ethically 30

• Social Policy Implications 32

Summary 32

Review Questions 34

Integrating Concepts in Development 35

Key Terms 35

Resources 36

Chapter 2

Neuroscience as a Basis for Adult Development and Aging 38

2.1 The Neuroscience Approach 40

Implications of the Developmental Forces 41

Neuroscience Tools 41

Neuroscience Perspectives 42

■ ■ Discovering Development: What Do People Believe about Brain Fitness? 43

2.2 Neuroscience and Cognitive Aging 44

Structure of the Brain 44

Age-Related Changes in Neurochemical Properties 47

Age-Related Changes in Brain Activity 47

Functional Consequences of Brain Deterioration 48

Culture, Neuroimaging, and Aging 48

Compensation and Prefrontal Bilaterality 49

■ ■ Current Controversies 51

2.3 Neural Plasticity and the Aging Brain 52

■ ■ How Do We Know?: Aerobic Fitness and Hippocampal Volume in Older Adults 55

2.4 Neuroscience and Socio-Emotional Aging 56

Emotional Processing and the Brain 57

Aging and Emotional Processing 57

Neurological Recruitment Underlying the Positivity Effect in Memory 58

• Social Policy Implications 60

Summary 60

Review Questions 62

Integrating Concepts in Development 63

Key Terms 63

Resources 64

Chapter 3

Physical Changes 65

3.1 **Why Do We Age? Biological Theories of Aging** 67

Rate-of-Living Theories 67

Cellular Theories 67

■ ■ Discovering Development: **Why Do Most People Think We Age?** 68

Programmed-Cell-Death Theories 69

Implications of the Developmental Forces 69

3.2 **Appearance and Mobility** 70

Changes in Skin, Hair, and Voice 70

Changes in Body Build 72

Changes in Mobility 72

Psychological Implications 76

3.3 **Sensory Systems** 78

Vision 78

Hearing 80

Somesthesia and Balance 83

■ ■ How Do We Know?: **Preventing Falls through Tai Chi** 84

Taste and Smell 84

3.4 **Vital Functions** 85

Cardiovascular System 86

Respiratory System 90

3.5 **The Reproductive System** 90

Female Reproductive System 91

■ ■ Current Controversies: **Hormone Replacement Therapy** 92

Male Reproductive System 94

Psychological Implications 94

3.6 **The Nervous System** 95

Studying Brain–Behavior Relations: Imaging Techniques 95

Central Nervous System 96

Autonomic Nervous System 99

Psychological Implications 100

• **Social Policy Implications** 101

Summary 101

Review Questions 104

Integrating Concepts in Development 104

Key Terms 105

Resources 105

Chapter 4

Longevity, Health, and Functioning 107

4.1 **How Long Will We Live?** 108

■ ■ Discovering Development: **Take the Longevity Test** 109

Average and Maximum Longevity 109

Genetic and Environmental Factors in Average Longevity 111

Ethnic Differences in Average Longevity 113

Gender Differences in Average Longevity 113

International Differences in Average Longevity 113

4.2 **Health and Illness** 115

Defining Health and Illness 115

Quality of Life 116

Changes in the Immune System 116

Chronic and Acute Diseases 119

The Role of Stress 119

■ ■ How Do We Know?: **Negative Life Events and Mastery** 124

4.3 **Common Chronic Conditions and Their Management** 125

General Issues in Chronic Conditions 125

Common Chronic Conditions 126

■ ■ Current Controversies: **The Prostate Cancer Dilemma** 132

Managing Pain 133

4.4 **Pharmacology and Medication Adherence** 134

Patterns of Medication Use 134

Developmental Changes in How Medications Work 135

Medication Side Effects and Interactions 135

Adherence to Medication Regimens 136

4.5 **Functional Health and Disability** 137

A Model of Disability in Late Life 137

Determining Functional Health Status 140

What Causes Functional Limitations and Disability in Older Adults? 140

• **Social Policy Implications** 144

Summary 144

Review Questions 147

Integrating Concepts in Development 147

Key Terms 147

Resources 148

Chapter 5

Where People Live: Person–Environment Interactions 149

5.1 **Describing Person–Environment Interactions** 150
- Competence and Environmental Press 151
- The Congruence Model 153

■ ■ Discovering Development: **What's Your Adaptation Level?** 154
- Stress and Coping Framework 156
- Common Theoretical Themes and Everyday Competence 156

5.2 **The Ecology of Aging** 158
- Aging in Place 158
- Deciding on the Best Option 159
- Home Modification 160
- Adult Day Care 160
- Congregate Housing 162
- Assisted Living 162

5.3 **Living in Nursing Homes** 164
- Types of Nursing Homes 165
- Who Is Likely to Live in Nursing Homes? 165

■ ■ Current Controversies: **Financing Long-Term Care** 166
- Characteristics of Nursing Homes 168
- Special Care Units 169
- Can a Nursing Home Be a Home? 170
- Communicating with Residents 172

■ ■ How Do We Know?: **How Do People Respond to Patronizing Speech?** 174
- Decision-Making Capacity and Individual Choices 175
- New Directions for Nursing Homes 177

• **Social Policy Implications** 179

Summary 179

Review Questions 181

Integrating Concepts in Development 182

Key Terms 182

Resources 183

Chapter 6

Attention and Memory 184

6.1 **Overview of Information Processing** 187
- Information-Processing Model 187
- Attentional and Perceptual Processing 188

6.2 **Attentional Control** 189
- Speed of Processing 189
- Processing Resources 189
- Inhibitory Loss 190
- Attentional Resources 191

■ ■ Discovering Development: **How Good Are Your Notes?** 192
- Integration: Attention and Cognitive Change in Older Adulthood 193

6.3 **Memory Processes** 193
- Working Memory 194
- Implicit versus Explicit Memory 196
- Long-Term Memory 197

6.4 **Factors Affecting Age Differences in Memory** 202
- Age Differences in Encoding versus Retrieval 202
- The Emerging Role of Automatic Retrieval 205
- Misinformation and Memory 206

■ ■ Current Controversies: **How Do We Explain False Memories?** 208

6.5 **Memory for Discourse** 208
- Text-Based Levels 209
- Situation Models 210

■ ■ How Do We Know?: **The Influence of Social Context on Memory Performance** 211

6.6 **Memory in Context** 212
- Prospective Memory 213
- Factors That Preserve Memory 214

6.7 **Self-Evaluations of Memory Abilities** 215
- Aspects of Memory Self-Evaluations 215
- Age Differences in Metamemory 215
- The Role of Memory Self-Efficacy 216
- Age Differences in Memory Monitoring 216

6.8 **Memory Training** 218
- Training Memory Skills 218
- Individual Difference Variables in Memory Training 222

6.9 **Clinical Issues and Memory Testing** 223
- Normal versus Abnormal Memory Aging 223
- Memory and Mental Health 224
- Memory, Nutrition, and Drugs 225

• **Social Policy Implications** 226

Summary 226

Review Questions 230

Integrating Concepts in Development 231

Key Terms 231

Resources 232

Chapter 7

Intelligence 233

7.1 **Defining Intelligence** 235
Intelligence in Everyday Life 235
The Big Picture: A Life-Span View 236
Research Approaches to Intelligence 237
■ ■ Discovering Development: How Do People Show Intelligence? 239
7.2 **Developmental Trends in Psychometric Intelligence** 239
The Measurement of Intelligence 240
Age-Related Changes in Primary Abilities 241
Secondary Mental Abilities 243
Moderators of Intellectual Change 246
■ ■ Current Controversies: Problems in Detecting Lifestyle Effects on Intellectual Functioning 250
Modifying Primary Abilities 253
7.3 **Qualitative Differences in Adults' Thinking** 255
Piaget's Theory 256
Going Beyond Piaget: Post-Formal Thought 258
7.4 **Everyday Reasoning and Problem Solving** 264
Decision Making 265
Problem Solving 266
Expertise 268
■ ■ How Do We Know?: The Role of Emotionality in Solving Real-Life Problems 269
Wisdom 271
• **Social Policy Implications** 275
Summary 275
Review Questions 277
Integrating Concepts in Development 278
Key Terms 278
Resources 278

Chapter 8

Social Cognition 280

8.1 **Social Judgment Processes** 282
Impression Formation 282
Knowledge Accessibility and Social Judgments 285
A Processing Capacity Explanation for Age Differences in Social Judgments 286
8.2 **Social Knowledge Structures and Beliefs** 286
Understanding Age Differences in Social Beliefs 287
8.3 **Social Judgments and Causal Attributions** 289
Attributional Biases 289
■ ■ How Do We Know?: Age Differences in Adjusting Social Judgments 291
8.4 **Motivation and Social Processing Goals** 293
Personal Goals 293
Emotion as a Processing Goal 294
Cognitive Style as a Processing Goal 295
8.5 **Stereotypes and Aging** 296
Content of Stereotypes 296
Age Stereotypes and Perceived Competence 298
Activation of Stereotypes 299
Stereotype Threat 301
■ ■ Current Controversies: Are Stereotypes of Aging Associated with Lower Cognitive Performance? 302
8.6 **Personal Control** 304
Multidimensionality of Personal Control 304
Control Strategies 305
■ ■ Discovering Development: How Much Control Do You Have over Your Cognitive Functioning? 306
Some Criticisms Regarding Primary Control 306
8.7 **Social Situations and Social Competence** 307
Collaborative Cognition 308
Social Context of Memory 308
• **Social Policy Implications** 310
Summary 310
Review Questions 312
Integrating Concepts in Development 313
Key Terms 314
Resources 314

Chapter 9

Personality 315

Levels of Analysis and Personality Research 317
9.1 **Dispositional Traits across Adulthood** 318
The Case for Stability: The Five-Factor Model 319
Additional Studies of Dispositional Traits 321
Critiques of the Five-Factor Model 323
Conclusions about Dispositional Traits 324
■ ■ Current Controversies: Intraindividual Change and the Stability of Traits 325

9.2 Personal Concerns and Qualitative Stages in Adulthood 326
What's Different about Personal Concerns? 326
Jung's Theory 327
Erikson's Stages of Psychosocial Development 328
Loevinger's Theory 333
Theories Based on Life Transitions 335
Conclusions about Personal Concerns 337
9.3 Life Narratives, Identity, and the Self 338
McAdams's Life-Story Model 338
■ ■ Discovering Development: Who Do You Want to Be When You "Grow Up"? 339
Whitbourne's Identity Theory 340
Self-Concept 342
Possible Selves 344
Religiosity and Spiritual Support 346
■ ■ How Do We Know?: Views of Life: Well-Being and Aging 347
Gender-Role Identity 349
Conclusions about Narratives, Identity, and the Self 350
• Social Policy Implications 352
Summary 352
Review Questions 354
Integrating Concepts in Development 355
Key Terms 355
Resources 355

Chapter 10

Clinical Assessment, Mental Health, and Mental Disorders 357
10.1 Mental Health and the Adult Life Course 359
Defining Mental Health and Psychopathology 360
A Multidimensional Life-Span Approach to Psychopathology 360
Ethnicity, Aging, and Mental Health 362
10.2 Developmental Issues in Assessment and Therapy 363
Areas of Multidimensional Assessment 364
Factors Influencing Assessment 365
Assessment Methods 365
Developmental Issues in Therapy 366
10.3 The Big Three: Depression, Delirium, and Dementia 367
Depression 367
Delirium 374
Dementia 374
■ ■ Current Controversies: Genetic Tests for Dementia: Difficult Choices 382
■ ■ How Do We Know?: Training Persons with Dementia to Be Group Activity Leaders 387
10.4 Other Mental Disorders and Concerns 390
Anxiety Disorders 391
Psychotic Disorders 392
Substance Abuse 393
■ ■ Discovering Development: What Substance Abuse Treatment Options Are Available in Your Area? 395
• Social Policy Implications 397
Summary 397
Review Questions 399
Integrattting Concepts in Development 400
Key Terms 400
Resources 400

Chapter 11

Relationships 402
11.1 Relationship Types and Issues 403
Friendships 403
Love Relationships 407
■ ■ How Do We Know?: Patterns and Universals of Romantic Attachment Around the World 410
Violence in Relationships 411
11.2 Lifestyles and Love Relationships 414
Singlehood 414
Cohabitation 416
Gay and Lesbian Couples 417
Marriage 418
Divorce and Remarriage 424
■ ■ Current Controversies: Same-Sex Divorce Presents Challenges 427
Widowhood 428
11.3 Family Dynamics and the Life Course 430
The Parental Role 430
Midlife Issues: Adult Children and Parental Caregiving 434
Grandparenthood 438
■ ■ Discovering Development: Caring for Aging Parents 439
