Section One

Community Nutritionists in Action: Working in the Community 1

- 1 Opportunities in Community Nutrition 3
 - Introduction 4**
 - The Concept of Community 4**
 - Opportunities in Community Nutrition 5
 - Public Health and Community Interventions 6
 - Healthy People in Healthy Communities 12
 - Looking Ahead: Healthy People 2020 15
 - Community Nutrition Practice 17**
 - Community versus Public Health Nutrition 18
 - Entrepreneurship in Community Nutrition 24**
 - Entrepreneurs and Intrapreneurs 25
 - Social and Economic Trends for Community Nutrition 28**
 - Leading Indicators of Change 28
 - Watchwords for the Future 32
 - Case Study: Ethics and You 33**
 - Professional Focus: Community-Based Dietetics Professionals 34**
- 2 Assessing Community Resources 39
 - Introduction 40**
 - Community Needs Assessment 40**
 - Basic Principles of Needs Assessment 42
 - Entrepreneurship in Community Needs Assessment 59
 - Programs in Action: The Nutrition Service Project 60**
 - Professional Focus: Getting Where You Want to Go 61**

- 3 Assessing the Target Population's Nutritional Status 65
 - Introduction 66**
 - A Plan for Collecting Data 66**
 - Types of Data to Collect about the Target Population 67
 - Case Study 1: Women and Coronary Heart Disease 72**
 - Methods of Obtaining Data about the Target Population 74
 - Issues in Data Collection 84**
 - Practical Issues 84
 - Scientific Issues 85
 - Cultural Issues 87
 - Case Study 2: Nutritional Status of Independent Older Adults 88**
 - Programs in Action: The Project L.E.A.N. Nutrition Campaign 90**
 - Using Mapping Tools in Community Assessment 92
 - Putting It All Together 93
 - Professional Focus: Lighten Up—Be Willing to Make Mistakes and Risk Failure 94**
- 4 Program Planning for Success 97
 - Introduction 98**
 - Factors That Trigger Program Planning 98**
 - Steps in Program Planning 99**
 - Step 1: Review the Results of the Community Needs Assessment 100
 - Step 2: Define Program Goals and Objectives 102
 - Step 3: Develop a Program Plan 103

	Step 4: Develop a Management System	110
	Step 5: Identify Funding Sources	110
	Step 6: Implement the Program	111
	Step 7: Evaluate Program Elements and Effectiveness	112
	Programs in Action: A Learn and Serve Nutrition Program: The Food Literacy Partners Program	120
	Spreading the Word about the Program's Success	124
	Entrepreneurship in Program Planning	125
	Professional Focus: The Nutrition Care Process: A Road Map to Quality Care	125
	Case Study: Program Planning	132
5	Principles of Epidemiology	135
	Introduction	136
	The Practice of Epidemiology	136
	Investigating Causes of Diseases	137
	Basic Epidemiologic Concepts	140
	Rates and Risks	140
	The Epidemiologic Method	141
	Hypothesis Testing	145
	Explaining Research Observations	147
	Types of Epidemiologic Studies	148
	Ecological or Correlational Studies	148
	Cross-Sectional or Prevalence Studies	149
	Cohort Studies	149
	Case-Control Studies	150
	Controlled Trials	151
	Nutritional Epidemiology	152
	The Nature of Dietary Variation	154
	Epidemiology and the Community Nutritionist	156
	Case Study: Epidemiology of Obesity	157
	Professional Focus: The Well-Read Community Nutritionist	158
6	The Art and Science of Policy Making	163
	Introduction	164
	The Process of Policy Making	165
	The People Who Make Policy	172
	Legitimizing Policy	172
	The Legislative and Regulatory Process	173
	Laws and Regulations	173
	How an Idea Becomes Law	174
	The Federal Budget Process	176
	The Political Process	179
	Current Legislation and Emerging Policy Issues	181
	The Community Nutritionist in Action	186
	Make Your Opinion Known	186
	Become Directly Involved	187
	Join an Interest Group	187
	Political Realities	191
	Case Study: Food Safety as a Food Policy Issue	192
	Professional Focus: Building Media Skills	193
7	A National Nutrition Agenda for the Public's Health	199
	Introduction	200
	National Nutrition Policy in the United States	200
	National Nutrition Monitoring	201
	Nutrient Intake Standards	212
	Nutrition Survey Results: How Well Do We Eat?	216
	Dietary Guidance Systems	217
	Implementing the Recommendations: From Guidelines to Groceries	224
	Case Study: From Guidelines to Groceries	229
	Professional Focus: Evaluating Research and Information on Nutrition and Health	231
8	Addressing the Obesity Epidemic: An Issue for Public Health Policy	237
	Introduction	238
	Defining Obesity and Overweight	238
	Epidemiology of Obesity and Overweight	239
	Medical and Social Costs of Obesity	242
	Determinants of Obesity	244
	Obesity Prevention and Treatment Interventions	250
	Adult Interventions	250
	Child and Adolescent Interventions	251
	Public Health Policy Options for Addressing the Global Obesity Epidemic	252
	Obesity Surveillance and Monitoring Efforts	253
	Awareness Building, Education, and Research	254
	Regulating Environments	258
	Pricing Policies	262
	Societal-Level Solutions	263
	Where Do We Go from Here?	264
	Programs in Action: Coordinated School Health Programs	267
	Case Study: Worksite Health Promotion Program for Prevention of Overweight	270
	Professional Focus: Diet Confusion: Weighing the Evidence	271

9 Health Care Systems and Policy 279**Introduction 280****An Overview of the Health Care Industry 281**

Private Insurance 281

Government/Public Insurance 284

The Uninsured 289

Demographic Trends and Health Care 290

The Need for Health Care Reform 291

Health Care Reform in the United States 297

Nutrition as a Component of Health Care Reform 298

Medical Nutrition Therapy and Medicare Reform 303

On the Horizon: Changes in Health Care and Its Delivery 304**Case Study: Insurance Access 306****Professional Focus: Ethics and the Nutrition Professional 307****Section Two****Community Nutritionists in Action: Delivering Programs 315****10 Food Insecurity and the Food Assistance Programs 317****Introduction 318****Counting the Food Insecure in the United States 319**

Who Are the Food Insecure in the United States? 323

Causes of Food Insecurity in the United States 329

Historical Background of Food Assistance Programs 332

Welfare Reform: Issues in Moving from Welfare to Work 333

Federal Domestic Nutrition Assistance Programs Today 336

Filling in the Gaps to Strengthen the Food Resource Safety Net 351

The Rising Tide of Food Assistance Need 352

Programs in Action: Overcoming Barriers to Increasing Fruit and Vegetable Consumption 355

Beyond Public Assistance: What Can Individuals Do? 356

Case Study: Hunger in an At-Risk Population 358**Professional Focus: Moving Toward Community Food Security 359****Healthy Babies 374**

Nutrient Needs and Growth Status in Infancy 374

Breastfeeding Recommendations 374

Other Recommendations on Feeding Infants 377

Primary Nutrition-Related Problems of Infancy 379

Programs in Action: Using Peer Counselors to Change Culturally Based Behaviors 379**Domestic Maternal and Infant Nutrition Programs 380**

The WIC Program 381

Other Nutrition Programs of the U.S. Department of Agriculture 386

Nutrition Programs of the U.S. Department of Health and Human Services 387

Looking Ahead: Improving the Health of Mothers and Infants 389**Case Study: Promotion of Breastfeeding 391****12 Children and Adolescents: Nutrition Issues, Services, and Programs 393****Introduction 394****Healthy People 2010 National Nutrition Objectives 394**

Healthy People 2010 Progress Review 394

What Are Children and Adolescents Eating? 396

Influences on Child and Adolescent Eating Patterns and Behaviors 398

Weighing In on the Problem of Childhood Obesity 400

Other Nutrition-Related Problems of Children and Adolescents 401

Children with Special Health Care Needs 404

Programs in Action: Nutrition Education Strategies for Preadolescent Girls 406**11 Mothers and Infants: Nutrition Assessment, Services, and Programs 365****Introduction 366****Trends in Maternal and Infant Health 366**

National Goals for Maternal and Infant Health 367

Healthy Mothers 370

Maternal Weight Gain 370

Adolescent Pregnancy 371

Nutrition Assessment in Pregnancy 372

The History of Child Nutrition Programs in Schools 406

- Nutrition Programs of the U.S. Department of Agriculture 408
- Nutrition Programs of the U.S. Department of Health and Human Services 413

Impact of Child Nutrition Programs on Children's Diets 414

- Factors Discouraging Participation in Child Nutrition Programs 416
- Building Healthful School Environments 417

Nutrition Education Programs 418

- Nutrition Education in the Public Sector 420

Programs in Action: Empowering Teens to Make Better Nutrition Decisions 421

- Nutrition Education in the Private Sector 423
- Keeping Children and Adolescents Healthy 424

Case Study: The Child Nutrition Program 425

13 Healthy Aging: Nutrition Assessment, Services, and Programs 429

Introduction 430

Demographic Trends and Aging 431

Healthy Adults 432

- National Goals for Health Promotion 432
- Understanding Baby Boomers 434
- Nutrition Education Programs 435
- Health Promotion Programs 436

Programs in Action: The Farm to Work Initiative: An Innovative Approach to Obesity Prevention 437

Aging and Nutritional Status 440

- Primary Nutrition-Related Problems of Aging 440
- Nutrition Policy Recommendations for Health Promotion for Older Adults 444
- Evaluation of Nutritional Status 446

Community-Based Programs and Services 450

- General Assistance Programs 451
- Nutrition Programs of the U.S. Department of Agriculture 452

Nutrition Programs of the U.S. Department of Health and Human Services 453

Private-Sector Nutrition Assistance Programs 456

Nutrition Education and Health Promotion Programs for Older Adults 457 *

Programs in Action: Bringing Food and Nutrition Services to Homebound Seniors 457

Looking Ahead: Successful Aging 460

Case Study: Postmenopausal Nutrition and Disease Prevention Program 461

14 World Hunger and Food Insecurity: Challenges and Opportunities 465

Introduction 466

Mapping Poverty and Undernutrition 466

Malnutrition and Health Worldwide 469

Food Insecurity in Developing Countries 475

- The Role of Colonialism 476
- International Trade and Debt 477
- The Role of Multinational Corporations 477
- The Role of Overpopulation 478
- Distribution of Resources 479
- Agricultural Technology 480
- A Need for Sustainable Development 482

People-Centered Development 483

Nutrition and Development 483

Agenda for Action 484

- Focus on Children 484
- Making the World Fit for Children 489
- Focus on Women 490

International Nutrition Programs 493

Looking Ahead: The Global Challenges 494

Personal Action: Opportunity Knocks 495

Programs in Action: Vitamin A Field Support Projects 497

Case Study: UNICEF's Child Survival Campaign 499

Section Three

Community Nutritionists in Action: Planning Nutrition Interventions 503

15 Understanding and Achieving Behavior Change 505

Introduction 506

Draw from Current Research on Consumer Behavior 506

- The Transtheoretical Model (Stages of Change) 509
- Motivational Interviewing 512

- The Health Belief Model 513
 - The Theory of Planned Behavior 515
 - Social Cognitive Theory 517
- Programs in Action: EatFit Intervention Program 519**
 - Cognitive-Behavioral Theory 520
 - The Diffusion of Innovation Model 521
 - Findings Regarding Applications of Theory to Nutrition Interventions 522
- Put It All Together: Case Study 1 522**
- Use Entrepreneurship to Steer in a New Direction 523**
- Professional Focus: Being an Effective Speaker 524**
- 16 **Gaining Cultural Competence in Community Nutrition 527**
 - Introduction 528**
 - Gaining Cultural Competence 529**
 - Terms Related to Cultural Competence 529
 - Need for Cultural Competence 530
 - Cultural Competence Models 534
 - Cross-Cultural Communication 540**
 - Communication Styles 541
 - Working with Interpreters 544
 - Culturally Appropriate Intervention Strategies 546**
 - Explanatory Models 546
 - LEARN Intervention Guidelines 547
 - Practical Considerations for Interventions 549
 - Programs in Action: Encouraging Breastfeeding among African-American Women 550**
 - Organizational Cultural Competence 550**
 - Essential Organizational Elements of Cultural Competence 551
 - Case Study: Gaining Cultural Competence in a Muslim Community 553**
 - Professional Focus: Cross-Cultural Nutrition Counseling 554**
- 17 **Principles of Nutrition Education 559**
 - Introduction 560**
 - Applying Educational Principles to Program Design 560**
 - Learning across the Life Span 560
 - Developing a Nutrition Education Plan 563
 - Programs in Action: Making Healthy Eating Fun for Students 565**
 - Nutrition Education to Reduce CHD Risk: Case Study 1 568**
 - Develop Lesson Plans to Reduce CHD Risk 569
 - Conduct Formative Evaluation 570
 - Designing Nutrition and Health Messages 571**
 - General Ideas for Designing Messages 571
 - Conducting Summative Evaluation 573
 - Entrepreneurship in Nutrition Education 573
 - Professional Focus: Being an Effective Writer 574**
- 18 **Marketing Nutrition and Health Promotion 579**
 - Introduction 580**
 - What Is Marketing? 580**
 - Develop a Marketing Plan 581
 - Develop a Marketing Strategy 587
 - Monitor and Evaluate 593
 - Social Marketing: Community Campaigns for Change 594**
 - Social Marketing at the Community Level 596
 - Programs in Action: Motivating Children to Change Their Eating and Activity Habits 598**
 - A Marketing Plan for “Heartworks for Women”: Case Study 1 600**
 - Entrepreneurship Leads the Way 603**
 - Professional Focus: Leading for Success and The Art of Negotiating 603**
- 19 **Managing Community Nutrition Programs 609**
 - Introduction 610**
 - The Four Functions of Management 610**
 - Planning 611
 - Organizing 613
 - Leading 619
 - Controlling 621
 - Management Issues for “Heartworks for Women”: Case Study 1 624**
 - The Critical Path 624
 - Programs in Action: The Better Health Restaurant Challenge 625**
 - The Business of Community Nutrition 627
 - Professional Focus: Time Management 628**

20 Building Grantsmanship Skills 631

Introduction 632

Laying the Foundation for a Grant 632

- Generate Ideas 632
- Describe Goals 634
- Identify Funding Sources 637
- Identify Potential Collaborators 642

Building the Proposal 643

- Components of a Proposal 643
- Budget 659
- Assembling the Final Product 662
- Review of the Grant Proposal 664
- The Logic Model 665

Professional Focus: Teamwork Gets Results 666

Appendixes

Appendix A Nutrition Assessment and Screening 669

Appendix B Complementary Nutrition and Health Therapies 672

Appendix C The SMOG Readability Formula 675
