
Diabetes Management in the '80s

The Role of
Home Blood Glucose Monitoring and
New Insulin Delivery Systems

Edited by
C.M. Peterson, M.D.

Contents

Introduction	vi
Contributors	viii

Part 1 Glucose Control and End Organ Damage

1. Measuring Glucose Control	2
<i>Michael Brownlee, M.D.</i>	
2. Glycosylation Reactions and Reversible Sequelae of Diabetes Mellitus	12
<i>C.M. Peterson, M.D.; R.L. Jones, M.D.</i>	
3. Glucose Control and the Eye	26
<i>Ronald L. Engerman, Ph.D.; Timothy S. Kern, M.D.</i>	
4. The Relationship of Glucose Control to Renal Morphology in Diabetes Mellitus	34
<i>S. Michael Mauer, M.D.; David M. Brown, M.D.; Michael W. Steffes, M.D., Ph.D.</i>	
5. Diabetes Mellitus and Arteriosclerosis: Risk Factors, Mechanisms, and Management	40
<i>W. Virgil Brown, M.D.</i>	
6. Plasma Glucose Control and Diabetic Neuropathy	56
<i>D. Porte Jr., M.D.; M.A. Pfeifer, M.D.; R.J. Graf, M.D.; J.B. Halter, M.D.; R. Judzewitsch, M.D.; E. Halar, M.D.</i>	
7. Diabetic Control and Outcome in the Pregnant Patient	66
<i>K. Fuhrmann, M.D.</i>	

Part 2 Insulin

8. "Normal" Human Insulin Secretion: The Goal of Management of the Diabetic Patient	82
<i>R. Philip Eaton, M.D.; David S. Schade, M.D.</i>	
9. Absorption of Subcutaneously Injected Insulin	90
<i>Michael Berger, M.D.; H.J. Cüppers, Ph.D.; P.A. Halban, Ph.D.; R.E. Offord, Ph.D.</i>	
10. A Short Review of Factors that Affect the Absorption and Disposal of Insulin	100
<i>John A. Galloway, M.D.; Samuel M. Wentworth, M.D.</i>	
11. A Clinician's Guide to Subcutaneous Insulin Infusion Based on the Kinetics of Insulin Absorption from Subcutaneous Tissue	110
<i>David S. Schade, M.D.; R. Philip Eaton, M.D.</i>	

Part 3 The Therapeutic Milieu

12. Exercise and Diabetes	118
<i>Philip Felig, M.D.</i>	
13. Dietary Management of Diabetes Mellitus	126
<i>Jay S. Skyler, M.D.</i>	
14. Diabetes Management and Context: The Psychosomatic Diabetic	152
<i>Lester Baker, M.D.; Bernice Rosman, Ph.D.; Salvador Minuchin, M.D.</i>	
15. Psychological Aspects of Home Blood Glucose Monitoring	168
<i>Morton D. Bogdonoff, M.D.</i>	

Part 4 Management Programs

16. Home Blood Glucose Monitoring in Childhood Diabetes Mellitus	176
<i>M. Silink, M.D., F.R.C.P.</i>	
17. Diabetes and Adolescence	184
<i>Andrew Jay Drexler, M.D.</i>	
18. Laboratory-based Home Blood Glucose Monitoring and the Relationship of Control to Treatment, Blood Viscosity and Glycosylated Hemoglobin in Maturity-onset Diabetes Mellitus	198
<i>Richard B. Paisey, M.A., M.R.C.P.</i>	
19. Management of the Insulin-dependent Diabetic: The English Experience ..	208
<i>Robert Tattersall, M.D., F.R.C.P.; Pat Clarke, N.P.</i>	
20. Improvement of Insulin Therapy for Diabetics through Pump Treatment ..	218
<i>Karl Irsigler, M.D.; Harald Kritz, M.D.</i>	
21. Optimization of Control: A Comparative Trial of Multiple Subcutaneous Injections and Continuous Subcutaneous Insulin Infusion in Insulin-dependent Diabetic Patients	236
<i>Alicia Schiffrin, M.D.; Mimi M. Belmonte, M.D.</i>	
22. The Management of Diabetes and Pregnancy	248
<i>Lois Jovanovic, M.D.; Carol B. Braun, M.D.; Maurice L. Druzin, M.D.; C.M. Peterson, M.D.</i>	
23. Home Monitoring and Open-loop Systems in Pregnancy	268
<i>Karl Irsigler, M.D.; Christine Báli, Ph.D.; Josef Artner, M.D.</i>	

Part 5 Comparative Evaluation of Home Blood Glucose Monitoring

24. Methods for Home Blood Glucose Monitoring	282
<i>Sandra L. Piepho, M.S.</i>	
25. Home Blood Glucose Monitoring: Does It Improve Diabetic Control Per Se?	298
<i>K.G.M.M. Alberti, F.R.C.P.; R. Worth, M.R.C.P.; P.D. Home, M.R.C.P.; D.G. Johnston, M.R.C.P.; J. Anderson, F.R.C.P.; J.M. Burrin, Ph.D.; L. Ashworth</i>	

Part 6 Economics of Diabetes Management

26. The Economics of Diabetes Mellitus	308
<i>Mordecai A. Berkun, M.D.</i>	
Subject Index	323
Author Index	328
