PART ONE

Introduction to Economics and the Economy 1

To the Student	2
----------------	---

Chapter 1

Limits, Alternatives, and Choices 3

The Economic Perspective 4

Scarcity and Choice / Purposeful Behavior / Marginal Analysis: Comparing Benefits and Costs

Consider This: *Free for All?* 4

Consider This: *Fast-Food Lines* 5

Theories, Principles, and Models 5

Microeconomics and Macroeconomics 6

Microeconomics / Macroeconomics / Positive and Normative Economics

Individual's Economizing Problem 7

Limited Income / Unlimited Wants / A Budget Line

Consider This: *Did Gates, Winfrey, and Rodriguez Make Bad Choices?* 9

Society's Economizing Problem 10

Scarce Resources / Resource Categories

Production Possibilities Model 11

Production Possibilities Table / Production Possibilities Curve / Law of Increasing Opportunity

Costs / Optimal Allocation

Consider This: *The Economics of War* 14

Unemployment, Growth, and the Future 14

A Growing Economy / Present Choices and Future Possibilities / A Qualification: International Trade

Last Word: *Pitfalls to Sound Economic Reasoning* 16

Chapter 1 Appendix: Graphs and Their Meaning 22

Chapter 2

The Market System and the Circular Flow 29

Economic Systems 30

The Command System / The Market System

Characteristics of the Market System 30

Private Property / Freedom of Enterprise and Choice /

Self-Interest / Competition / Markets and Prices /

Technology and Capital Goods / Specialization /

Use of Money / Active, but Limited, Government

Five Fundamental Questions 34

What Will Be Produced? / How Will the Goods and Services Be Produced? / Who Will Get the Output? / How Will the System Accommodate Change? / How Will the System Promote Progress?

Consider This: *McHits and McMisses* 35

The "Invisible Hand" 38

The Demise of the Command Systems 38
 The Coordination Problem / The Incentive Problem
Consider This: *The Two Koreas* 39

The Circular Flow Model 40
 Households / Businesses / Product Market /
 Resource Market
Last Word: *Shuffling the Deck* 42

PART TWO
Price, Quantity, and Efficiency 46

Chapter 3

Demand, Supply, and Market Equilibrium 47

Markets 48

Demand 48
 Law of Demand / The Demand Curve / Market
 Demand / Changes in Demand / Changes in Quantity
 Demanded

Supply 53
 Law of Supply / The Supply Curve / Market Supply /
 Determinants of Supply / Changes in Supply /
 Changes in Quantity Supplied

Market Equilibrium 56
 Equilibrium Price and Quantity / Rationing Function of
 Prices / Efficient Allocation / Changes in Supply, Demand,
 and Equilibrium
Consider This: *Ticket Scalping: A Bum Raps* 58
Consider This: *Salsa and Coffee Beans* 61

Application: Government-Set Prices 61
 Price Ceilings on Gasoline / Rent Controls /
 Price Floors on Wheat
Last Word: *A Legal Market for Human Organs?* 62

**Chapter 3 Appendix: Additional Examples of
 Supply and Demand 69**

Chapter 4

Elasticity 75

Price Elasticity of Demand 76
 The Price-Elasticity Coefficient and Formula /
 Interpretations of E_d / The Total-Revenue Test / Price
 Elasticity and the Total-Revenue Curve / Determinants of
 Price Elasticity of Demand / Applications of Price Elasticity of
 Demand
Consider This: *A Bit of a Stretch* 78

Price Elasticity of Supply 84
 Price Elasticity of Supply: The Market Period / Price
 Elasticity of Supply: The Short Run / Price Elasticity of
 Supply: The Long Run / Applications of Price Elasticity of
 Supply

Cross Elasticity and Income Elasticity of Demand 87
 Cross Elasticity of Demand / Income Elasticity of Demand
Last Word: *Elasticity and Pricing Power: Why Different
 Consumers Pay Different Prices* 86

Chapter 5

Market Failures: Public Goods and Externalities 92

Market Failures in Competitive Markets 93
 Demand-Side Market Failures / Supply-Side
 Market Failures

Efficiently Functioning Markets 93
 Consumer Surplus / Producer Surplus / Efficiency
 Revisited / Efficiency Losses (or Deadweight Losses)

Public Goods 99
 Private Goods Characteristics / Public Goods
 Characteristics / Optimal Quantity of a Public Good /
 Demand for Public Goods / Comparing MB and MC /
 Cost-Benefit Analysis / Quasi-Public Goods /
 The Reallocation Process
Consider This: *Street Entertainers* 100
Consider This: *Art for Art's Sake* 101

Externalities 104
 Negative Externalities / Positive Externalities /
 Government Intervention / Society's Optimal Amount of
 Externality Reduction
Consider This: *The Fable of the Bees* 106

Government's Role in the Economy 109
Last Word: *Carbon Dioxide Emissions, Cap and Trade, and
 Carbon Taxes* 110

PART THREE
GDP, Growth, and Instability 115

Chapter 6

An Introduction to Macroeconomics 116

Performance and Policy 117

The Miracle of Modern Economic Growth 118
 Saving, Investment, and Choosing between Present and Future
 Consumption / Banks and Other Financial Institutions
Consider This: *Economic versus Financial Investment* 120

Uncertainty, Expectations, and Shocks 120
 Demand Shocks and Flexible Prices / Demand Shocks and
 Sticky Prices
Consider This: *The Great Recession* 123

How Sticky Are Prices? 124
Last Word: *Inventory Management and the Business Cycle* 124

Categorizing Macroeconomic Models Using
 Price Stickiness 126

Chapter 7

**Measuring Domestic Output and
 National Income 129**

Assessing the Economy's Performance 130

Gross Domestic Product 130
 A Monetary Measure / Avoiding Multiple Counting /
 GDP Excludes Nonproduction Transactions / Two Ways of
 Looking at GDP: Spending and Income

The Expenditures Approach	132	Unemployment	173
Personal Consumption Expenditures (C) / Gross Private Domestic Investment (I _g) / Government Purchases (G) / Net Exports (X _n) / Putting It All Together: GDP = C + I _g + G + X _n		Measurement of Unemployment / Types of Unemployment / Definition of Full Employment / Economic Cost of Unemployment / Noneconomic Costs / International Comparisons	
Consider This: Stocks versus Flows 134		Inflation	179
The Income Approach	136	Meaning of Inflation / Measurement of Inflation / Facts of Inflation / Types of Inflation / Complexities / Core Inflation	
Compensation of Employees / Rents / Interest / Proprietors' Income / Corporate Profits / Taxes on Production and Imports / From National Income to GDP		Consider This: Clipping Coins 181	
Other National Accounts	138	Redistribution Effects of Inflation	182
Net Domestic Product / National Income / Personal Income / Disposable Income / The Circular Flow Revisited		Who Is Hurt by Inflation? / Who Is Unaffected or Helped by Inflation? / Anticipated Inflation / Other Redistribution Issues	
Nominal GDP versus Real GDP	141	Does Inflation Affect Output?	185
Adjustment Process in a One-Product Economy / An Alternative Method / Real-World Considerations and Data		Cost-Push Inflation and Real Output / Demand-Pull Inflation and Real Output	
Shortcomings of GDP	143	Last Word: The Stock Market and the Economy 186	
Nonmarket Activities / Leisure / Improved Product Quality / The Underground Economy / GDP and the Environment / Composition and Distribution of Output / Noneconomic Sources of Well-Being			
Last Word: Magical Mystery Tour 145			
Chapter 8			
Economic Growth	149	PART FOUR	
Economic Growth	150	Macroeconomic Models and Fiscal Policy	190
Growth as a Goal / Arithmetic of Growth / Growth in the United States			
Modern Economic Growth	152	Chapter 10	
The Uneven Distribution of Growth / Catching Up Is Possible		Basic Macroeconomic Relationships	191
Consider This: Economic Growth Rates Matter! 154		The Income-Consumption and Income-Saving Relationships	192
Institutional Structures That Promote Growth	155	The Consumption Schedule / The Saving Schedule / Average and Marginal Propensities / Nonincome Determinants of Consumption and Saving / Other Important Considerations	
Consider This: Patents and Innovation 156		Consider This: The Great Recession and the Paradox of Thrift 198	
Determinants of Growth	156	The Interest-Rate-Investment Relationship	199
Supply Factors / Demand Factor / Efficiency Factor		Expected Rate of Return / The Real Interest Rate / Investment Demand Curve / Shifts of the Investment Demand Curve / Instability of Investment	
Production Possibilities Analysis	157	Consider This: The Great Recession and the Investment Riddle 204	
Growth and Production Possibilities / Labor and Productivity		The Multiplier Effect	204
Accounting for Growth	158	Rationale / The Multiplier and the Marginal Propensities / How Large Is the Actual Multiplier Effect?	
Labor Inputs versus Labor Productivity / Technological Advance / Quantity of Capital / Education and Training / Economies of Scale and Resource Allocation		Last Word: Squaring the Economic Circle 207	
Consider This: Women, the Labor Force, and Economic Growth 160			
The Rise in the Average Rate of Productivity Growth	162		
Reasons for the Rise in the Average Rate of Productivity Growth / Implications for Economic Growth / Skepticism about Longevity / What Can We Conclude?		Chapter 11	
Is Growth Desirable and Sustainable?	165	The Aggregate Expenditures Model	211
The Antigrowth View / In Defense of Economic Growth		Assumptions and Simplifications	212
Last Word: Economic Growth in China 166		Consumption and Investment Schedules	212
		Equilibrium GDP: $C + I_g = GDP$	213
Chapter 9		Tabular Analysis / Graphical Analysis	
Business Cycles, Unemployment, and Inflation	170	Other Features of Equilibrium GDP	216
The Business Cycle	171	Saving Equals Planned Investment / No Unplanned Changes in Inventories	
Phases of the Business Cycle / Causation: A First Glance / Cyclical Impact: Durables and Nondurables			

Changes in Equilibrium GDP and the Multiplier	217
Adding International Trade	218
Net Exports and Aggregate Expenditures / The Net Export Schedule / Net Exports and Equilibrium GDP / International Economic Linkages	
Adding the Public Sector	222
Government Purchases and Equilibrium GDP / Taxation and Equilibrium GDP	
Equilibrium versus Full-Employment GDP	225
Recessionary Expenditure Gap / Inflationary Expenditure Gap / Application: The Recession of 2007–2009	
Last Word: <i>Say's Law, the Great Depression, and Keynes</i> 228	

Chapter 12

Aggregate Demand and Aggregate Supply	233
Aggregate Demand	234
Aggregate Demand Curve	
Changes in Aggregate Demand	235
Consumer Spending / Investment Spending / Government Spending / Net Export Spending	
Aggregate Supply	238
Aggregate Supply in the Immediate Short Run / Aggregate Supply in the Short Run / Aggregate Supply in the Long Run / Focusing on the Short Run	
Changes in Aggregate Supply	241
Input Prices / Productivity / Legal-Institutional Environment	
Equilibrium and Changes in Equilibrium	244
Increases in AD: Demand-Pull Inflation / Decreases in AD: Recession and Cyclical Unemployment / Decreases in AS: Cost-Push Inflation / Increases in AS: Full Employment with Price-Level Stability	
Consider This: <i>Ratchet Effect</i> 247	
Last Word: <i>Has the Impact of Oil Prices Diminished?</i> 249	
Chapter 12 Appendix: The Relationship of the Aggregate Demand Curve to the Aggregate Expenditures Model	254

Chapter 13

Fiscal Policy, Deficits, and Debt	257
Fiscal Policy and the AD-AS Model	258
Expansionary Fiscal Policy / Contractionary Fiscal Policy / Policy Options: G or T?	
Built-In Stability	261
Automatic or Built-In Stabilizers	
Evaluating Fiscal Policy	263
Cyclically Adjusted Budget / Recent U.S. Fiscal Policy / Budget Deficits and Projections	
Problems, Criticisms, and Complications	267
Problems of Timing / Political Considerations / Future Policy Reversals / Offsetting State and Local Finance / Crowding-Out Effect / Current Thinking on Fiscal Policy	

The U.S. Public Debt	269
Ownership / Debt and GDP / International Comparisons / Interest Charges	
False Concerns	271
Bankruptcy / Burdening Future Generations	
Substantive Issues	272
Income Distribution / Incentives / Foreign-Owned Public Debt / Crowding-Out Effect Revisited	
Last Word: <i>The Social Security and Medicare Shortfalls</i> 274	

PART FIVE

Money, Banking, and Monetary Policy 279

Chapter 14

Money, Banking, and Financial Institutions	280
The Functions of Money	281
The Components of the Money Supply	281
Money Definition M1 / Money Definition M2	
Consider This: <i>Are Credit Cards Money?</i> 284	
What "Backs" the Money Supply?	284
Money as Debt / Value of Money / Money and Prices / Stabilizing Money's Purchasing Power	
The Federal Reserve and the Banking System	287
Historical Background / Board of Governors / The 12 Federal Reserve Banks / FOMC / Commercial Banks and Thrifts / Fed Functions and the Money Supply / Federal Reserve Independence	
The Financial Crisis of 2007 and 2008	290
The Mortgage Default Crisis / Securitization / Failures and Near-Failures of Financial Firms / The Treasury Bailout: TARP / The Fed's Lender-of-Last-Resort Activities	
The Postcrisis U.S. Financial Services Industry	293
Last Word: <i>Electronic Banking</i> 295	

Chapter 15

Money Creation	299
The Fractional Reserve System	300
Illustrating the Idea: The Goldsmiths / Significant Characteristics of Fractional Reserve Banking	
A Single Commercial Bank	301
Transaction 1: Creating a Bank / Transaction 2: Acquiring Property and Equipment / Transaction 3: Accepting Deposits / Transaction 4: Depositing Reserves in a Federal Reserve Bank / Transaction 5: Clearing a Check Drawn against the Bank	
Money-Creating Transactions of a Commercial Bank	304
Transaction 6: Granting a Loan / Transaction 7: Buying Government Securities / Profits, Liquidity, and the Federal Funds Market	
The Banking System: Multiple-Deposit Expansion	307
The Banking System's Lending Potential / The Monetary Multiplier / Reversibility: The Multiple Destruction of Money	
Last Word: <i>The Bank Panics of 1930–1933</i> 310	

Chapter 16

Interest Rates and Monetary Policy	314
Interest Rates	315
The Demand for Money / The Equilibrium Interest Rate / Interest Rates and Bond Prices	
The Consolidated Balance Sheet of the Federal Reserve Banks	317
Assets / Liabilities	
Tools of Monetary Policy	319
Open-Market Operations / The Reserve Ratio / The Discount Rate / Term Auction Facility / Relative Importance	
Targeting the Federal Funds Rate	324
Expansionary Monetary Policy / Restrictive Monetary Policy / The Taylor Rule	
Consider This: <i>The Fed as a Sponge</i> 327	
Monetary Policy, Real GDP, and the Price Level	328
Cause-Effect Chain / Effects of an Expansionary Monetary Policy / Effects of a Restrictive Monetary Policy	
Monetary Policy: Evaluation and Issues	332
Recent U.S. Monetary Policy / Problems and Complications	
Consider This: <i>Up, Up, and Away</i> 333	
The “Big Picture”	336
Last Word: <i>The “Big Picture”</i> 334	

Chapter 17

Financial Economics	341
Financial Investment	342
Present Value	342
Compound Interest / The Present Value Model / Applications	
Some Popular Investments	345
Stocks / Bonds / Mutual Funds / Calculating Investment Returns / Asset Prices and Rates of Return	
Arbitrage	347
Risk	348
Diversification / Comparing Risky Investments / Relationship of Risk and Average Expected Rates of Return / The Risk-Free Rate of Return	
The Security Market Line	352
Security Market Line: Applications	
Consider This: <i>Ponzi Schemes</i> 354	
Last Word: <i>Index Funds versus Actively Managed Funds</i> 356	

PART SIX**Extensions and Issues 360****Chapter 18**

Extending the Analysis of Aggregate Supply	361
From Short Run to Long Run	362
Short-Run Aggregate Supply / Long-Run Aggregate Supply / Long-Run Equilibrium in the AD-AS Model	

Applying the Extended AD-AS Model	364
Demand-Pull Inflation in the Extended AD-AS Model / Cost-Push Inflation in the Extended AD-AS Model / Recession and the Extended AD-AS Model / Economic Growth with Ongoing Inflation	
The Inflation-Unemployment Relationship	368
The Phillips Curve / Aggregate Supply Shocks and the Phillips Curve	
The Long-Run Phillips Curve	372
Short-Run Phillips Curve / Long-Run Vertical Phillips Curve / Disinflation	
Taxation and Aggregate Supply	374
Taxes and Incentives to Work / Incentives to Save and Invest / The Laffer Curve / Criticisms of the Laffer Curve / Rebuttal and Evaluation	
Consider This: <i>Sherwood Forest</i> 376	
Last Word: <i>Do Tax Increases Reduce Real GDP?</i> 377	

Chapter 19

Current Issues in Macro Theory and Policy	381
What Causes Macro Instability?	382
Mainstream View / Monetarist View / Real-Business-Cycle View / Coordination Failures	
Consider This: <i>Too Much Money?</i> 385	
Does the Economy “Self-Correct”?	386
New Classical View of Self-Correction / Mainstream View of Self-Correction	
Rules or Discretion?	389
In Support of Policy Rules / In Defense of Discretionary Stabilization Policy / Policy Successes	
Consider This: <i>On the Road Again</i> 390	
Summary of Alternative Views	394
Last Word: <i>The Taylor Rule: Could a Robot Replace Ben Bernanke?</i> 393	

PART SEVEN**Microeconomics of Product Markets 397****Chapter 20**

Consumer Behavior	398
Law of Diminishing Marginal Utility	399
Terminology / Total Utility and Marginal Utility / Marginal Utility and Demand	
Consider This: <i>Vending Machines and Marginal Utility</i> 399	
Theory of Consumer Behavior	401
Consumer Choice and the Budget Constraint / Utility-Maximizing Rule / Numerical Example / Algebraic Generalization	
Utility Maximization and the Demand Curve	404
Deriving the Demand Schedule and Curve / Income and Substitution Effects	
Applications and Extensions	405
iPods / The Diamond-Water Paradox / Opportunity Cost and the Value of Time / Medical Care Purchases / Cash and Noncash Gifts
