TABLE OF CONTENTS

	Page
Chapter 1	
Introduction	1
Chapter 2	
Safe Motherhood in Indonesia: Statistical Comparisons, Interventions, Problems and Possible Contributions by Psychology	7
1. Safe motherhood: definition, initial target and the problems	9
2. Demography and topography of Indonesia	10
3. Maternal mortality in Indonesia and its comparison with that in other countries	10
4. The efforts of WHO and Indonesian government to reduce maternal mortality	12
4.1. Causes of maternal mortality	12
4.2. Efforts of WHO	13
4.3. Efforts of Indonesian government	14
4.4. The trends in reducing maternal mortality in Indonesia	15
4.5. The present situation in Central Java	15
5. Points of view in reducing maternal mortality	20
6. Rationale for a psychological approach to issues of safe motherhood	22
Chapter 3	
Case Studies of Maternal Mortality: Javanese Witnesses' Point of View	25
1. Introduction	27
2. Design and method	28
2.1. The aims of the study	28
2.2. Participants	28
2.3. Ethical considerations	30
2.4. Interview guide	30
3. Research Results	30
3.1. Chronology of maternal death based on subjects' perceptions.	30
3.2. The factors influencing maternal death according to the participants' point of view.	33
3.3. Cultural beliefs related to pregnancy and problems of giving-birth	35
3.4. The concept of improving maternal health.	35
3.5. Coping behavior	39
4. Discussion	39
4.1. Respondents' views on the causes of death	39
4.2. Respondents' suggestions of ways to improve maternal health	40
Chapter 4	
Overview of the Empirical Research in the PAM Project	43
1. Introduction	45
2. Research questions in the PAM-project.	45

3. An overview of four sub-projects in the PAM-project.	46
3.1. The pilot study	46
3.2. The Pregnancy Sub-project	50
3.3. The Emotion-dynamics Sub-project	52
3.4. The Delivery Sub-project	54
4. Concluding Summary	57
Chapter 5 Cognitive, socio-emotional and behavioral aspects of pregnant couples from Central Java: a descriptive and exploratory study	59
1. Introduction	61
2. Indonesian and Central Java Maternal Health Care at a glance	64
3. Scheme of the pregnancy study	65
4. Method	67
4.1. Research procedures	67
4.2. Participants and their place of residence	67
4.3. Research variables	71
4.4. Analyses	71
4.5. Measuring the research variables	72
4.6. Trustworthiness of the data	72
5. Results	75
5.1. Physical Aspects of Pregnancies	75
5.2. Cognitive, socio-emotional aspects, and perceived consequences of pregnancy and giving birth	79
5.3. Behavioral Aspects of Pregnancy Care	109
5.4. Preparations for Giving Birth	116
5.5. Contraception Use	121
6. Discussion	124
Appendix	133
Chapter 6 Knowledge about Pregnancy and Giving Birth in Successive Generations in Central Java	135
1. The problem and its background	137
2. Method	138
3. Results	138
4. Conclusion	141
Chapter 7 Wives' and husbands' help seeking behavior for pregnancy health: An application of the Theory of Planned Behavior	143
1. Introduction	145
2. Method	147
2.1. Study design	147
2.2. Participants and their place of residence	147
2.3. Measures	148
3. Results	150
3.1. Sources of help, and the significant person in matters of pregnancy.	150
3.2. Application of the TPB model to help seeking during pregnancy.	152

	4. Discussion	163
	Appendix	167
Chapter 8	Pre-and Post-partum Emotional Dynamics	175
	1. Goals of the investigation	177
	2. Method	178
	3. Plan of data analyses	180
	4. Results	182
	5. Concluding Remarks	227
	Appendix	228
Chapter 9	Prediction of Giving Birth Outcomes on the Basis of Psycho-emotional Aspects of Pregnancy	253
	1. Introduction	255
	2. Rationale	255
	3. Method	256
	3.1. Participants	256
	3.2. Measures	257
	3.3. Data collection procedures	259
	3.4. A pictorial illustration	260
	4. Results	262
	4.1. Description of participants	262
	4.2. Constructing indices for negative delivery outcomes for the mother	265
	4.3. Predicting negative delivery outcomes for the mother (NDOM)	268
	4.4. Differences in psycho-emotional pregnancy conditions between three groups of birth-giving wives differing in negative delivery outcome profile of the mother (NDOM)	278
	5. Discussion	284
	Appendix	288
Chapter 10	Concluding Observations and Discussion	291
